

Online safety for young people

Dare to Dream understands the importance of young people being able to use the internet for education and personal development. This includes online events, the internet and social media platforms. We aim to support children and young people in making use of these in our work. However, we also recognise that safeguards need to be in place to ensure children are kept safe at all times.

This agreement fits with our overarching **safeguarding policy, code of conduct for staff and volunteers and online safety policy**. If you would like to know more about this, please speak to the Dare to Dream team.

More information about online safety is available from learning.nspcc.org.uk/safeguarding-child-protection/online-safety-for-organisations-and-groups

Young person: please read the following agreement and discuss it with your parents/carers and teacher.
