Why This Matters

- ✓ Young people are facing a confidence and aspiration crisis.
- ✓ Without real-world exposure and belief in themselves, their options narrow.
- ✓ Our approach helps them build the skills and mindset they need for life & work.

How our Partners Benefit

Schools: Boosts attendance, supports Gatsby Benchmarks & improves engagement.

Employers: Broadens talent pipeline, drives staff development & social impact.

Funders: Long-term social return, targeted inclusion work, emotional resonance.

Next Steps

- ✓ Delivering a connected three year journey (Years 9-11)
- ✓ Building new partnerships to reach 10,000 young people in 2025/26
- ✓ Forging stronger school-employer links to unlock long-term opportunities.

"Today's young people are stepping into a world full of unprecedented challenges and possibilities. With the right support and inspiration, they can rise to meet the moment. As a Foundation, we're ready to scale our impact, yet we can only do it with our community behind us. If you're a business, donor, grant giving organisation or someone who wants to make a difference that believes in giving back, now's the perfect time to get involved."

Gary Peters, Chairman of the Love Local Jobs Foundation.

Thank you!

The team at the Love Local Jobs Foundation would like to say a huge thank you to all the amazing organisations and individuals who make it possible to deliver the Dare to Dream programme. Without the generosity of the supporting organisations and the dedication of the volunteers and participating schools, it simply wouldn't be possible to make such a positive and important impact on the local next generation of talent. The Foundation looks forward to further developing these meaningful relationships and continuing to strive to go further together.
